Purpose for Business Venturing

Wherever, there is movement of people or vehicles, the present-day challenge is to control their movement, bring in discipline and enhance security. The post Covid scenario has thrown-up new challenges in the authenticating process and organisations are moving away from touch to touch-less solutions adopting newer technologies and introducing face recognition systems that will deliver safety & security for its people by recognising faces with even face masks on for it is the new norm that is likely to stay-on for some time to come. It is exactly this activity that we at **REVROY** wish to support, by delivering products and solutions that will cater to just this one objective in the most endearing manner.

Indiginisation & make in India Initiative

We have set up a manufacturing plant in Bommasandra Industrial Estate, Bengaluru, where we are going to be indigenising various components and will undertake manufacture & assembly of Bollards, Spikes, Road Blockers, Vehicle Barriers, Door Frame Metal Detectors and such other complementing products.

Competencies & Capabilities

At REVROY We have over 100 years of cumulative experience in Production Planning, Sales & Marketing. Our founder director has over two decades of experience in the entrance automation industry with profound understanding of the various products and their applications. This domain knowledge combined with in-depth understanding of the products and the nuances of their design, manufacture, supply, installation, testing, commissioning & training will directly have a positive impact on the support that our customers from System Integrators to end users- will receive. We are set to make a difference in the Entrance Automation eco system especially in the post CoVID-19 era.

Our Portfolio & Partners

For controlling pedestrian movement We exclusively bring to you from **PERCo** Russia, a company in existence of over three decades- a range of Speed gates, Turnstiles, Handicap Gates & Access Control Solution. The confidence on its quality is demonstrated by the unmatched Five-Year Warranty that **PERCo** offers, on its products. We at **REVROY** are trained to install, commission, Service & provide warranty support for the **PERCo** Products.

TeSi from Italy has partnered with **REVROY** to offer interesting, Unique & exquisitely designed Glass Door solutions, High Security Tubestiles, People Counting solutions for Crowd Control & Management. **TeSi** offers unique Sliding Glass Doors that could Swing open for emergency exit & Interesting designs to cater to varied applications especially where space, is a challenge. The People Counting Solution from **TeSi** is an advanced solution that will fit perfectly in the present-day demand for limited number of people occupying spaces in places such as Malls, Restaurants, offices etc. **TeSi** also supports Architects & Structural Engineers with its

Modular Panelling Solution for construction of spaces that must be designed for protection against burglary meeting highest European Standards.

For enhanced protection of people and property we at **REVROY** also offer Hand Held & Door Frame Metal Detectors & Baggage Scanners for securing facilities. These scanning solutions are offered with thermal scanning & face mask detection features apart from body scanning for metals.

REVROY offers products for vehicular traffic management as well, we offer a range of products viz. Boom Barriers, Bollards both Active & Passive, Road Blockers & Spikes especially for facilities that demand a very high deterrent for their secured premises. High Speed Boom Barriers for Toll applications is yet

another solution that we offer. The Boom Barriers with Boom lengths of less than 2.5 meters operate at 0.6 Secs Speed and 2500mm to 3000mm Boom arms at 0.9 secs speed.

Last but not the least Our speciality solutions also comprise of Parking Management & Guidance Solution. For commercial establishments, malls and public parking facilities the parking management system will aid in collecting parking fee for vehicles thus helping our clients generate revenue efficiently. **Automatic Licence Plate Recognition solutions (APLR)** are also integrated and offered to make the solution Complimenting this we also offer the **Parking Guidance System** to companies that are constantly working to consistently improve productivity so as to deliver projects that can comply to green standards by reducing their carbon footprint. This solution provides information of available and empty parking spaces for car drivers to instantly identify them thus reducing the burning of fossil fuel.

B G Drive our partner for AFC solutions from Germany offer Kitsets for Automatic Fare Collection (AFC) Applications. We could either offer just kitsets so you could build your own Metro Gate. Alternately, we could also offer to you the cabinets built around the kitset as per your design demands, assemble the system in our works at Bommasandra Industrial Estate, Bengaluru and deliver to you a complete system. This way, we could take a lot of burden off your shoulders and play the

role of an ideal partner in your AFC Business. Do feel free to call us for a technical discussion.

Our Commitment & A Promise

At REVROY we not only deliver reliability through fair means, we also deliver fairness that builds our reliability.

We are here to set benchmarks for ourselves to constantly improve, excel and also enhance the quality of products, sales-process, post-sales support & warranty. In fact, we will address the entire purchase process for our clients and make it a delightful & a pleasing experience.

Our Motto

Aspire for the best by embracing the REVROY family, for we not only manufacture here in India but also deliver "the Finest from the very best" from around the world"

PERCo

Julia Babushkina

The key success factor of any business is the people. Knowing the founders of REVROY for many years, we don't doubt the company will not only achieve its main goals but will surely outdo them. We are glad we can trust REVROY to represent PERCo in India.

Dmetri Maskolav

We are proud to be partners with the ambitious company that has a clear vision on how to turn the ambitions into reality. With a wide product range and a strong team of specialists, REVROY is one of the top providers of access control solutions in India.

TeSi

Fabio Bianchi - CEO

We at TeSi Tecnologia & Sicurezza SRL manufacturers of exquisitely designed Glass Door Solutions are proud to partner with REVROY India to cater to the Indian Market.

We are happy to say that we partnered with Ravi Shankar Thandavan for a project in Hyderabad, India to supply a very unique Glass Door Called MOWDOOR. We are confident that REVROY India under his leadership will do well for itself and TeSi as well. I am delighted to be sending him and REVROY India my company's and my very best wishes for a great partnership not just between our companies but also our countries.

Zobeer Mohammad - Design & Engineering Office

I met Ravi when he visited Sicurezza Exhibition in Milan two years ago. We have ever since remained in touch with each other. Early this year we jointly finalised an order for supply of Mowdoor to J P Morgan Chase for their Hyderabad Project. We are delighted to partner with him and his new company REVROY. We are sure we can look forward to great opportunities in India with REVROY on who we have the confidence. I assure all the support from TeSi and me for the new business opportunity in India.

Strategic Exclusive Partner Brands

PERCo

A leader in this segment has Partnered with REVROY to offer to the Indian Market a wide range of pedestrian entrance gates for Airport Boarding, Office use, Full & Half Height turnstiles etc., for both indoor and outdoor applications.
